

**INTRODUCING THE COLORFUL, MUSCULAR NEW
BILT AUTOMOTIVE SHELVING AND COMPONENTS.
AGAIN.**

SAME HEAVY GAUGE STEEL. SAME SPACE SAVING PROPERTIES. EVEN THE PARTS NUMBERS ARE THE SAME. NOW AVAILABLE IN A WIDE RANGE OF POWDER-COATED COLORS.

What you appreciated as Frick-Gallagher® is now BILT. And it's really built. Just like it used to be. You'll use less space to store more, and the weight won't strain the system — or the budget for parts storage. Automotive favorites such as the Quick-Bilt® sliding shelf bins, Speedi-Bilt® bins and Klip-Bilt II® bins. Again. And BILT now offers powder coating in a wide range of colors.

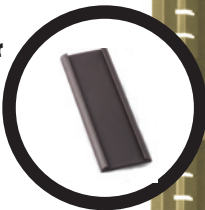

**Quick-Bilt® Bins — Small Parts Bins
BUILT FOR COMFORT, BUILT FOR SPEED.**

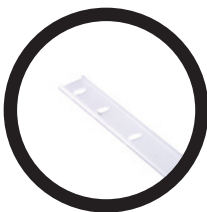

Easy to arrange and rearrange, Quick-Bilt® is built for durability and comfortably quick changes. Flexibility, strength and ease start with Model 8101, including top shelf, base shelf, two slotted end panels and back panel. Simply add shelves, dividers and drawers to suit your needs.

Quick-Bilt® Parts List Description	W	D	H

End Panel Stiffner 7' For use with Mezzanine Application			
End Panel Stiffner 8' For use with Mezzanine Application			

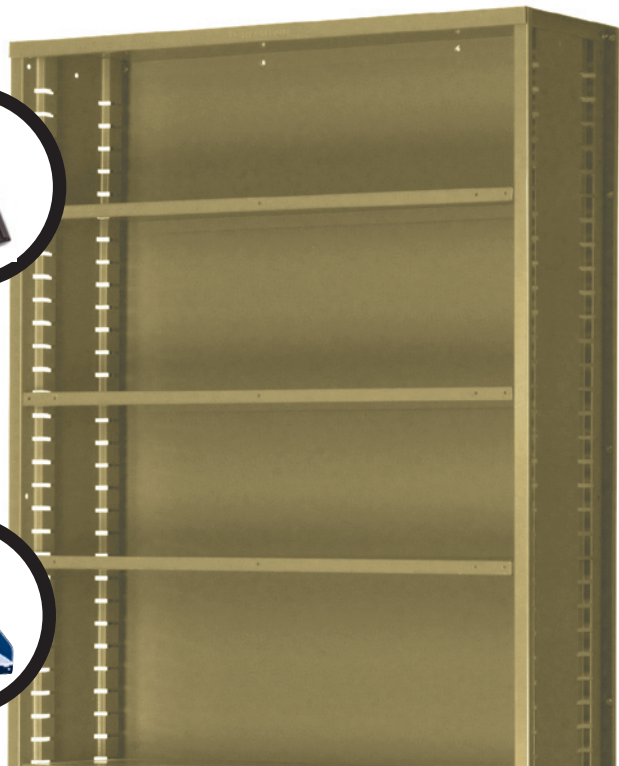

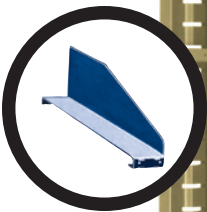

Magnetic Label Holder

Clear Label Holder

Sliding Divider

Klip-Bilt II® Bins—Bulky Bins 36" X 7'1" OF PURE UTILITY. OPEN OR CLOSED UNITS.

Strongbox front posts allow more usable space in the front corners and, as the name implies, add muscle to the unit. Ease of assembly is another welcome feature, using Lickety-Klips to locate shelves — and to rearrange shelves at a moment's notice. Flanged and welded 18-gauge steel stands up to weight, strain and rough duty a whole lot better than 20-gauge.

Modular Drawer

Most Common Sizes;
36" W x 18" D X 6"H with 18 compartments
36" W x 24" D X 6"H with 24 compartments
48" W x 24" D X 6"H with 44 compartments

Klip-Bilt II®

Most Common Sizes;
36" W x 18" D X 7'1"H with 7 shelves
36" W x 24" D X 7'1"H with 7 shelves
42" W x 24" D X 7'1"H with 7 shelves
48" W x 24" D X 7'1"H with 7 shelves

Sliding Divider 24" x 6"

Speedi-Bilt® Storage Units — Sheet Metal Bins HIGH, WIDE AND BASIC: QUICK, EASY SYSTEMS.

Simplicity and strength go together quickly and easily. Only two basic components: beams and posts. You can use economical particle board for shelves with more uninterrupted storage space, more room for bulky items. Available in light-duty wide bins, light-duty bulk bins and bulk storage racks.
